
ORDERING PROCEDURE

■ When Ordering

Please specify the following when ordering. The mark* indicates this item is to be optionally specified. Unless specified, NDK standard values are to be applied. Ordered items are produced within required specification range. But they may not function due to unindicated condi-

tions such as unpredictable conditions and/or insufficient oscillation margin of circuit. Therefore, if you have such request issues, please verify them beforehand.

- | | |
|---|---|
| (1) Holder type _____ | (7) Frequency tolerance (at 25°C ±3°C) ± _____ × 10 ⁻⁶ |
| (2) Nominal frequency _____ Hz | (8) Temperature characteristics (in refer to 25°C) _____ |
| (3) Overtone order _____ | _____ ± _____ × 10 ⁻⁶ |
| (4) Measurement method*
<input type="checkbox"/> CI meter
<input type="checkbox"/> π network
<input type="checkbox"/> Others (_____) | (9) Operating temperature range _____ °C ~ _____ °C |
| (5) Load capacitance _____ pF | (10) Equivalent series resistance (R ₁)* _____ Ω max |
| (6) Drive level* _____ μW | (11) Marking* _____ |
| | (12) Others _____ |
